- (ii) pursuant to article 106(1) (b) of the Companies Act (Cap.386 of the Laws of Malta) a company may acquire any of its own shares otherwise than by subscription, provided inter alia authorisation is given by an extraordinary resolution, which resolution will need to determine the terms and conditions of such acquisitions and in particular the maximum number of shares/SDRs to be acquired, the duration of the period for which the authorisation is given and the maximum and minimum consideration, given this it is proposed that the Company, through the Board, be generally authorised and empowered to make purchases of ordinary shares/SDRs of GBP 0.000625 each in its capital, subject to the following:

- (iv) that upon the lapse of the period referred to in paragraph (iii) above, the board of directors of the Company and/or the Company Secretary be authorised and empowered to submit one or more revised and updated Memorandum of Association of the Company to the Malta Business Registry so as to inter alia reflect the change in issued share capital following such reduction/s.

## Information about proposals related to Agenda item 7

### Acquisition of Own Shares

The Board of Directors has already submitted this proposal for the consideration of the Annual General Meeting of the Company which was held on 13 May 2022 (the "**AGM**").

At the AGM, 36.70 per cent in nominal value of the total shares/SDRs in issue were represented at the meeting and 99.91 per cent of those represented (36.66 per cent of the total shares/SDRs in issue) voted in favour of granting such authorisation. In accordance with Article 135 of the Companies Act (Cap. 386 of the laws of Malta) the adoption of the resolution also required that at least 51 per cent of the nominal value of the total shares/SDRs in issue be represented at the meeting. As this requirement was not met, the Board has convened an extraordinary general meeting to take a fresh vote on this proposal in accordance with the rules set out in Article 135(1)(b) of the Companies Act (Cap.386 of the Laws of Malta).

At this EGM the resolution may be passed by shareholder / holder of SDRs having the right to attend and vote at the meeting holding in the aggregate not less than 75 per cent in nominal value of the shares/SDRs represented and entitled to vote at the meeting. However, if more than half in nominal value of all the shares/SDRs having the right to vote at the meeting is represented at that meeting, a simple majority in nominal value of such shares/SDRs so represented shall suffice.

The Board of Directors proposes that the acquisition of shares/SDRs shall take place on Nasdaq Stockholm or via an offer to acquire the shares/SDRs to all shareholders. The purchases may take place on multiple occasions and will be based on actual market price and terms, prevailing regulations and the capital situation at any given time. Notification of any purchase will be made to Nasdaq Stockholm and details will appear in the Company's annual report and accounts.

The objective of the purchase is to achieve added value for the Company's shareholders (including through the implementation of the share buy-back program previously announced) and to give the Board increased flexibility with the Company's capital structure.

Following the purchase, the intention of the Board would be to either cancel, use as consideration for an acquisition or issue to employees under a Share Option programme or Share Performance Scheme.

Once purchased under the Maltese Companies Act further shareholder approval will be required before those shares could be cancelled only. Shares/SDRs bought back pursuant to the Company's share buyback program will be cancelled (refer to Agenda item 8). A separate authorisation for such cancellation is being recommended pursuant to Resolution (2);

If used as consideration for an acquisition, the intention would be that the actual Shares/SDRs would be offered to any potential transferor.

#### Share cancellation

The Board of Directors has already submitted this proposal for the consideration of the AGM.

At the AGM, 36.70 per cent in nominal value of the total shares/SDRs in issue were represented at the meeting and 99.99 per cent of those represented (36.69 per cent of the total shares/SDRs in issue) voted in favour of granting such authorisation. In accordance with Article 135 of the Companies Act (Cap. 386 of the laws of Malta) the adoption of the resolution also required that at least 51 per cent of the nominal value of the total shares/SDRs in issue be represented at the meeting. As this requirement was not met, the Board has convened an extraordinary general meeting to take a fresh vote on this proposal in accordance with the rules set out in Article 135(1)(b) of the Companies Act (Cap.386 of the Laws of Malta).

At this EGM the resolution may be passed by shareholder / holder of SDRs having the right to attend and vote at the meeting holding in the aggregate not less than 75 per cent in nominal value of the shares/SDRs represented and entitled to vote at the meeting. However, if more than half in nominal value of all the shares/SDRs having the right to vote at the meeting is represented at that meeting, a simple majority in nominal value of such shares/SDRs so represented shall suffice.

The directors may decide to cancel all or some of shares/SDRs acquired pursuant to the buy-back program.

The Companies Act (Cap. 386 of the laws of Malta) stipulates that an extraordinary resolution of the shareholders of the Company is required in order to approve the reduction in the issued share capital of the Company.

Such resolution needs to be filed with the Registrar of Companies in Malta, who will publish details of such reduction. Creditors of the Company will then have a period of three months in which they can contest the reduction in capital. Upon the lapse of the three-month period, assuming that no contestations are received, the reduction in share capital can become effective.

In order to reflect the changes in the issued share capital, a revised memorandum of association of the Company indicating the reduced number of shares then in issue in the capital of the Company will need to be submitted to the Registrar of Companies.

The reduction in issued share capital will take place at such intervals and in such amounts (subject to the maximum amount of GBP 14,375) as the directors shall determine from time to time.

#### Share issue

The Board of Directors has already submitted this proposal for the consideration of the AGM.

At the AGM, 36.70 per cent in nominal value of the total shares/SDRs in issue were represented at the meeting and 100 per cent of those represented (36.70 per cent of the total shares/SDRs in issue) voted in favour of granting such authorisation. In accordance with Article 135 of the Companies Act (Cap. 386 of the laws of Malta) the adoption of the resolution also required that at least 51 per cent of the nominal value of the total shares/SDRs in issue be represented at the meeting. As this requirement was not met, the Board has convened an extraordinary general meeting to take a fresh vote on this proposal in

accordance with the rules set out in Article 135(1)(b) of the Companies Act (Cap.386 of the Laws of Malta).

At this EGM the resolution may be passed by shareholder / holder of SDRs having the right to attend and vote at the meeting holding in the aggregate not less than 75 per cent in nominal value of the shares/SDRs represented and entitled to vote at the meeting. However, if more than half in nominal value of all the shares/SDRs having the right to vote at the meeting is represented at that meeting, a simple majority in nominal value of such shares/SDRs so represented shall suffice.

The objectives of the authorisation to be granted in terms of this resolution are to increase the financial flexibility of the Company and to enable the Company to use its own financial instruments for payment in kind or through a set-off to a selling partner in connection with any business acquisitions the Company may undertake or to settle any deferred payments in connection with business acquisitions. The market value of the shares/SDRs on each issue date that will be used in determining the price at which shares/SDRs will be issued, should be the same as the market value of the shares/SDRs listed on Nasdaq Stockholm. A cap of 23 million ordinary shares/SDRs in the Company is being requested in connection with this authorisation. The cap will be reduced by the amount of any shares/SDRs bought back pursuant to Resolution (1) (but excluding shares / SDRs not already bought back by the Company on the date of the adoption of the resolution).
